WE'VE GOT YOU COVERED

FOOD: We serve a variety of snacks and a hearty lunch. If you have food sensitivities, we encourage you to bring your own food.

WATER: Please bring a reusable water bottle to refill throughout the day with our onsite potable water.

T-SHIRTS: We have volunteer t-shirts to help you brag about your day volunteering with us. They make for great photo ops, too!

EQUIPMENT: You can borrow our work boots, hardhats, tool belts and more, or you're welcome to bring your own.

WASHROOMS: We have indoor plumbing and port-o-potties.

WHAT WILL YOU BE DOING?

Each day is different as we move through the build process. You could be framing, installing insulation, hanging drywall, painting or taking part in site clean up. Every task is important.
